Mr. Huber:

My name is Jennifer Wiegman. I am the producer of the *Ghost Files* program on The Mystery Channel. The star of our program, noted police psychic Margaret Whalley, is doing an episode focusing on the unsolved disappearance and murder of Hartman College student Stephanie Dempsey.

As a person who knew Ms. Dempsey well, we would like to interview you for our program. Margaret would like to ask you about Ms. Dempsey. We want our viewers to get a sense of who Ms. Dempsey was and what she meant to the people who knew and loved her. Rest assured that none of our questions would in any way defame or embarrass either yourself or the late Ms. Dempsey.

We would also be interested in hearing any thoughts or theories you might have about the murder of Ms. Dempsey.

Since 1986, Margaret Whalley has assisted scores of law enforcement agencies across the United States. Missing children have been found, crimes have been solved, and evildoers put in jail thanks to the information she has provided. Her powers are real. Your assistance may help Margaret Whalley find the information to bring the killers of Ms. Dempsey to justice.

You would also be compensated for your appearance.

If you think you would like to appear on our program, please contact me immediately at [REDACTED] or e-mail me at [REDACTED]

Sincerely,

Jennifer Weigman  
Producer, *The Ghost Files*
